

WHAT IS BIODIVERSITY AND HOW IT EFFECTS OUR LIFE?

How to sustain endangered animals?

Task 1

Collect the materials and mark them. Think of any extra you need and add to the list!

- A playing field with 36 numbered and stacked squares
- 10 blank, white pages
- Image of the protected animal
- Information sheet about a protected animal
- Scissors
- Color pencils
- Black text marker
- Glue
-

Task 2

Look at the infographics about animals. Make a mind map of ideas.

Write 5 good things and 5 bad things that happen to animals because of where they live.

Task 3

Use the step by step guide and mark activities that you have finished! This will help you to guide you through the process of creating the game!

Activity	Have I done it yet?
Create designs for each card in the game.	<input checked="" type="checkbox"/> <input type="checkbox"/>
Plan how the cards will be placed on the large square board.	<input checked="" type="checkbox"/> <input type="checkbox"/>
Secure the cards onto the playing board.	<input checked="" type="checkbox"/> <input type="checkbox"/>
Include arrows or steps on the playing board. Use forward arrows for positive actions and backward arrows for challenges.	<input checked="" type="checkbox"/> <input type="checkbox"/>
Use paints, colored paper, and other materials to make the game look attractive.	<input checked="" type="checkbox"/> <input type="checkbox"/>
Develop the main rules for playing the game.	<input checked="" type="checkbox"/> <input type="checkbox"/>

Task 4

Read the questions! Write short to be prepared for the discussion after the lesson!

1. What did you learn about endangered animals? (What you didn't know but now you do?)

2. What surprised you the most?

3. What would you do, to save species?
