

# FAMILY + SCHOOL + ENVIRONMENT AS WHOLE

*Eco-Friendly Cards and Seed Planting: how an eco-friendly gift can benefit family and school*

## Task 1

We all know what recycling is! Let's figure out in which container you are going to put each of the pieces of waste! Tag the names of the bins in the picture to the left! Look at the picture on the right. Circle and match the items that can be recycled with the correct bin!

## Task 2

We'll see some pictures of gifts on the board. Use your thumbs to vote! Thumbs-up for an eco-friendly gift, thumbs-down for an eco-unfriendly gift! You can add your examples.

## Task 3

Today, we'll make special cards from recycled paper. We'll even add seeds to make them plantable gifts! Here you can see the video: [https://www.youtube.com/watch?v=woz5\\_EbeTdY](https://www.youtube.com/watch?v=woz5_EbeTdY)

## Task 4

Join the quiz!

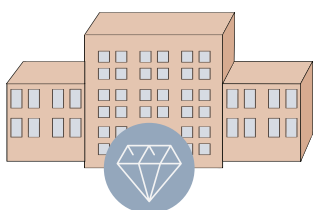

## Task 5

Think about the benefits of your plantable card. Write them down in these categories:

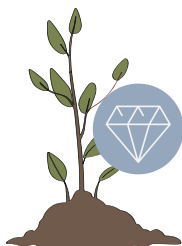

### Benefits for family

### Benefits for school

### Benefits for environment

**Bonus:** Share your ideas with the class! Let's see all the amazing ways our eco-friendly gifts are good for everyone!
